## PROFESSIONAL SUMMARY

Frontend Developer with 2+ years of experience building scalable, user-centric web applications using React.js, Next.js, TypeScript, and Tailwind CSS. Skilled in UI/UX design, performance optimization, and Agile project management, delivering **responsive, SEO-friendly, and accessible web solutions**. Experienced in leading cross-functional teams, collaborating with stakeholders, and making strategic decisions to enhance digital experiences. **Currently seeking full-time opportunities** to contribute my technical and leadership skills to innovative web development projects.

## SKILLS

- Languages & Tools:** HTML5, CSS3, JavaScript (ES6+), TypeScript, Git, Github
- Technologies & Frameworks:** React, Next.js, Tailwind CSS, Vitest, Cypress, GraphQL, npm
- Agile & Project Management:** SCRUM, Kanban, Jira

## PROFESSIONAL EXPERIENCE

### Freelance

London, England, United Kingdom

Frontend Developer

September 2024 - Present

- Project 1: Business Landing Page (HTML, CSS, JavaScript, Bootstrap, Lighthouse Audit)
  - Developed a fully responsive, SEO-optimized landing page with a mobile-first design, improving user engagement by 30%.
  - Implemented smooth scrolling, lazy loading, and optimized asset delivery, reducing page load time by 40% (measured via Lighthouse).
  - Ensured WCAG-compliant accessibility by incorporating semantic HTML, ARIA roles, and keyboard navigation support.
- Project 2: Accessible Job Board Platform (React.js, Next.js, Jest, Cypress, Tailwind CSS, REST API)
  - Built a scalable job board platform with dynamic filtering, search, and pagination, integrating real-time job listings via a REST API.
  - Ensured full WCAG compliance, incorporating high-contrast mode, screen reader support, and focus management.
  - Integrated Jest (unit testing) and Cypress (end-to-end testing), achieving 95%+ test coverage and reducing bugs by 50%.

### Kaspa's Desserts

London, England, United Kingdom

Digital Solutions/UI Developer (MBA Placement Year)

December 2022 - March 2024

- Optimised UI/UX for the digital ordering system using ReactJS and CSS3, improving usability and performance for customers
- Led seasonal menu updates with Vue.js and Figma to ensure quick, seamless transitions and interactive menu designs
- Enhanced seasonal menu readability by implementing WCAG-compliant typography, color contrast, and structured layouts, improving accessibility for all users.
